## Studio / Volume Discounts

Discount pricing will be based on a volume discount listed below for each torch. There is a minimum quantity for each type of torch to receive a discount, and a larger discount for more torches ordered. There are no further discounts on accessories or custom colors at this time.

Shipping can be handled as you wish, normally we ship through USPS or UPS. We insure all packages, and some locations do not allow a high value to be placed on packages. This means that we may have to ship multiple packages to complete the order and insure the packages against loss or damage. If you would like the package shipped with less insurance than the full value, you must send a signed fax that releases GTT from liability of loss or damage. If you prefer another carrier, please send the terms that you prefer including; the name of the carrier, the type of service requested, and an account number if applicable.

We have the highest quality control standards in the industry and all torches are tested and retested which results in the highest quality product that virtually eliminates warranty returns. Should there be a problem there is a 1 year limited warranty against any defects in workmanship on all torches we produce.

We stand behind our product 100% and we are happy to help with any technical questions that you or your customers may have. Periodically we will review your account and we will determine if a higher discount is applicable based on sales performance, ease of transaction, and feedback from customers. All 2 and 3 stage torches will be handled on a per order basis at the time of the order or inquiry.

Pricing Schedule as follows:
